

Community Pharmacy Neighbourhood Facilitator

(Systems & Partnerships Lead – Consultancy)

Location: South Yorkshire (hybrid)

Contract: Fixed-term consultancy, 12m, April 2026 to March 2027, 0.5wte

Organisation: Community Pharmacy South Yorkshire (CPSY)

About the Role

Community Pharmacy South Yorkshire is looking for a highly experienced and credible system leader to help position community pharmacy at the heart of neighbourhood health.

This is a strategic role focused on building relationships, influencing decision-makers, and ensuring community pharmacy is recognised as a key provider of primary care across South Yorkshire.

You will work under the direction of CPSY CEO, across the NHS, local authorities and wider partners to embed pharmacy into emerging models of care and unlock new opportunities for the sector.

Key Responsibilities

- Engagement with ICBs, local authorities, PCNs and system partners
- Represent community pharmacy within neighbourhood health programmes
- Identify and shape opportunities for community pharmacy within integrated care models
- Build strong, trusted relationships across the system
- Influence perceptions and overcome historic barriers to community pharmacy integration across the system
- Work closely with delivery teams to ensure opportunities translate into action

About You

- Senior leadership experience in pharmacy, NHS or primary care
- Strong understanding of ICS and neighbourhood health models
- Proven ability to influence and build partnerships at senior level
- Strategic thinker with a practical, delivery-focused mindset
